

 **ParentCareUSA is Your
Eldercare Services Partner**

At **ParentCareUSA**, we offer a unique “one-stop shopping” approach to eldercare services. We provide everything from information and education to referrals and advocacy. However, we don't stop there. What makes **ParentCareUSA** different is that at your request, we'll implement and deliver action-oriented services including evaluations, recommendations, and arrangements. We'll work with you to coordinate and manage all aspects of your unique situation, responsibly and with a great deal of sensitivity.

“If you are one of the many people balancing commitments to family and career, you know that eldercare issues can quickly overwhelm you. Negotiating the twists and turns through the continuum of care and services is difficult, even for informed caregivers.”

-Lisa Dionne
Client Services Manager

**Solving The Puzzle
For Today's Caregivers**

Our mission is to provide support to adult caregivers by delivering a broad range of eldercare services in the most cost-effective and convenient manner possible.

ParentCareUSA is organized around a team model with our attorneys and staff coordinating professionals and specialists to fit your individual needs.

Our range of services are divided into the following four categories:

Health and Housing

Whether your parent lives across town or cross country, we'll assist you in assessing and finding appropriate housing options and necessary services.

Legal

Our legal team is available to provide all necessary elder law services including estate planning for the future, asset preservation, and important legal documents.

Financial

We offer expert advice on Medicaid planning, strategies for preserving assets, and preparation of Medicaid applications.

Personal & Lifestyle

We can help you arrange vital services with community agencies such as "Meals on Wheels", in home care, and nursing services.

**Spend Less Time Worrying
About the Caregiving Puzzle.**

About ParentCareUSA

ParentCareUSA has worked with thousands of families and is staffed by experienced professionals who know the healthcare industry and how the system works!

Building confident and caring relationships with our clients is our goal.
